Statement of Mr. H. D. McGeorge, Janillor

the House of Delegates. WHEELING, Dec. 8th, 1868. WHIELING, Dec. 8th, 1885.

I have visited Dr. Lighthill at the McLure House and obtained his treatment for the cure of Deafness and noises in the ears, with which I have suffered for four years; and can say that I have been greatly benefited by its use, although I have applied it but twice, and that the treatment is perfectly painless and calculated to produce permanent and beneficial results.

Well Attested Curo of Catarrh.

DR. A. P. LIGHTHILL—DEARSIN:—Your treatment in the cure of my Catarrh has had the desired effect, and resulted in permanent good to me, although my case has frequently been pronounced incurable, and I had exhausted all other modes of treatment, without the least benefit. My case was so chronic and troublesome, that by giving a low of the symptoms the value of your treatment can be more readily estimated. For years I had been afflicted with a constant cold in the head, obstructing my breathings on as to necessitate me to keep my mouth open during sleep; latterly the discharges became solidified and impacted in my nose to such an extent that it required the greatest exertion to expel them. Sometimes these haraened lumps would get in my throat causing me to hawk and scrape even by the hour to relieve myself. My breath was offensive; my memory became impaired. Dizziness and light headiness made their appearance, and of late symptoms of paralysis stepped in, and when I placed myself under your care one side of my face was badily affected by this dread disease. My general health suffered alike, there was a constant tired, drowsy and debilitated feeling, with no energy to move or act; I felt a stired on rising in the morning as I did on going to my bed, my appetite was capricious and my disposition morose. In that condition I placed myself under your care, and am happy to state that all those disagreeable and dangerous symptoms have entirely left me, and I once more enjoy the benefits of good health.

By giving this publicity you will benefit others similarly affected and oblige me.

I have known Mr. James Sommerville, from Brookville, Jefferson county, for many years, and can testify to his statement as one of truth and veracity.

LETTER FROM CAPT. SILAN F. MILLER, Proprietor of the Burnett House Cincinnati, BURNETT HOUSE, February 9th, 1867.

To MY FRIENDS AND THE PUBLIC:
It affords me great satisfaction to be able
to testify to the success of Dr. Lighthill in
the treatment of deafness, and express my
sense of obligation to him. My hearing hay
been impaired for a number of years, at
limes to such an extent as to embarrass me
seriously. Dr. Lighthill, under whose care I
placed myself, has removed the difficulty
completely, and restored me to perfect hearting.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out my appropriate sphere, I have in all cases declined, but with r i o u s instances, my own family, of the use of Dr. Hoofland's Ger and particularly in the use of Dr. man Bitters, I depart for once from my usual course, express my full conviction that, for general debiting of the system, and especially for Liver Omplaint, it is a safe and vatuable preparation. In some cases it may fall; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,

J. H. KENNARD,

From a conviction of benefit arrived from the use of Dr. Hoofiand's German Tonic, although in general averse to Patent Medicines, I cordially recommend the "Tonic" to all suffering with Dyspepsia, as no other medicine afforded me such prompt and permananent relief."
